# HOW TO USE THIS CATALOGUE

Every page is built for fast comparison and enquiry-led buying.

01

## SEARCH BY USE

Start with the short product title and category—not an internal model code.

02

## CHOOSE THE CONFIGURATION

Compare sockets, connectors, mechanism, finish and material for the exact option.

03

## CHECK FIT

Confirm mounting, dimensions, cable length and site compatibility before ordering.

04

## SEND AN ENQUIRY

Quote the PAC model with quantity and project requirements for a precise response.
